

# Voyage into Australian waters

**New**

**Australian Water Art Pack includes:**

- Water art pack contains 12 colour A3 size prints of Australian works by Australian artists in a plastic folder.
- The art works have been selected from major galleries around Australia, to show the historical development of this country, through the eyes of Australian artists.
- Accompanying these art works are comprehensive teachers' notes and suggested art activities for students.
- This art pack is suitable for primary and secondary students and may be used in the visual art and SOSE (history, social studies) curriculum.
- Librarians, art groups and students who are conducting their own research may also use them.
